All equipment PRIOR to entering the home

All equipment AFTER cleaning the home

****Hard surfaces only... we are unable to disinfect carpet and "fabric" surfaces. ****

It is our goal to provide a sanitized environment during and post COVID-19 pandemic to create a clean, safe and happy environment for you and your family. Here is a list of items we will be disinfecting for you in your home for your peace of mind during this critical time. This list demonstrates the areas of a home that we will be disinfecting **IN ADDITION TO** what we ALREADY clean. Our strategy and cleaning process has not changed. We are still and will REMAIN a thorough "Top to Bottom" cleaning service that our customers have come to know and love! This pandemic is just as new to us as it is to you, please feel free to call the office ((602)504-1047) with ANY OTHER questions.

****** If anyone in your household has been sick (Corona or not), been in contact with someone with symptoms; PLEASE CALL AND CANCEL. Our goal is to provide a safe working environment for our staff and customers.

******A cleaner will not come into your home if they have symptoms or are not feeling well. Also, please keep distance from the cleaners while they are working. Though they will all be wearing masks upon entry of your home and gloves, we are adhering with CDC guidelines.

******With mutual respect on all parties, we will be able to keep our doors open with everyone remaining healthy!

******We sincerely appreciate the dedication and patience during these uncertain and trying times.

Thank you for trusting us in your home.
